Academic Honor Code

At Somerdale Park School, we value honesty, quality of character, and the importance of moral conduct. To ensure that our education is held to the highest of standards, each student agrees to an Academic Honor Code pledging that they will not plagiarize in any way, copy the work of other students, allow other students to copy their work, have others do work for them, and/or obtain answers in a dishonest way. Students in violation of the Academic Honor Code may be subject to loss of credit and Code of Conduct consequences.
