

## Third Grade Computer Class

**\*WEEKS 3-4 : Complete the packets that were given to you for Computers by your Homeroom Teachers.**

On your computer, go to the website called Lightbot:

<https://lightbot.com/hour-of-code.html> This is an educational coding program that teaches you use basic computer programming by making a robot do certain tasks using commands. You are to work at your own pace 1x per week and log the information below.

Name: \_\_\_\_\_

Date	Time Started	Time Ended	Level Achieved during the time I was on today	Parent's Signature
Week 5 4/20				
Week 6 4/27				
Week 7 5/4				

What did you learn by using Lightbot?

What did you find that was most difficult? How did you deal with the challenge?
